The entry has double leaded glass doors. Most of the flooring is high quality ceramic tile. The Kitchen has new granite counters, a Blanco stainless steel sink and a quality faucet. Nearby is the family room which is being used as a large play room. There is also a private locking office that may be used as a storage room. The master bathroom has new custom cabinets, double sinks, nickel finished fixtures and lighting, a roman tub and a separate shower and ceramic tile that continues into the Master bedroom. There is an extra large walk-in closet, and another regular closet. The master bedroom is large with a fireplace and a door that leads to the pool. The pool is surrounded by palms and has red brick decking. There is a patio just off of the kitchen that is covered and has a built-in gas BBQ. There are many upgrades.... six panel doors, newer garage door, alarm system, some organized closets, recessed lighting, ceiling fans in all of the bedrooms, newer A/C & heating & replaced ducts & all of the baths have been updated.
